EXPERIENCE

SIWES Training

For my compulsory siwes training, during my course of study in the university, I worked with the HOD of my department, Prof. Benjamin Aribisala. We worked on a project called; Segmentation of White Matter Hyper-intensities. I learnt to use computer software to determine and segment Lesions from brain images.

National Service

I was posted to a school where I teach JSS 3 classes, computer studies. There I learnt to work seamlessly with persons of all ages. I got to inspire my students, and show them just how wonderful life has gotten, because of the advent of the Computer System. It was fulfilling for me, because I got to inspire young minds, doing a lot of practical so I can enhance their view of the technological world. I was the President of the Sanitation CDS group, I got to lead the corp members in keeping the local government area, clean.

Internship

After successful completion of an aviation course I undertook while I served in Oyo state, where I got the certificate of the best graduating student, I underwent a two (2) month Internship, at **Aero Contractors Airline**, which is located at Old domestic wing of the Muritala Mohammed Airport, Ikeja. I have been able to garner experience working in the Resourcing department of the Airline.
